

PSSL LIGHTING EFFECTS VIDEO DVD VOL 29

In this 2006 version of the popular PSSL Lighting DVD, you will get to see over 150 different lights in action. You can search through this catalog-style DVD by type of light (Effect Lighting, Stage Lighting, Intelligent Lighting, or Lasers and LED Lighting) and then by your favorite manufacturer. The menu option allows you to pinpoint whichever light you are interested in with ease and see how it works without waiting through a full length video!
